November, 2005

Dear Members of the Guilford Community,

Many of you knew and remember Richard Blazej, a long-time Guilford resident and music lover who passed away in the winter of 2000. As a tribute to Richard, a special memorial fund was established in his name for the support of music programs in Guilford Central School. This fund has been used over the years to purchase everything from instruments for the band program to music software and Midi equipment for the general music program. This year two more classical guitars were purchased for the growing guitar class.

Without the availability of the Blazej Fund these improvements to the music program would not have been possible. We are inviting you to make a tax deductible donation of any amount to ensure that the good work of the fund may continue to enrich the musical lives of Guilford students this year, and into the future. Checks can be made out to: Richard Blazej Fund. The enclosed return envelope is for your convenience.

Thank you for your generous support of music in Guilford.

Sincerely,

A handwritten signature in black ink that reads "John Gagnon". The signature is fluid and cursive.

John Gagnon
Principal, Guilford Central School
