Autumn

BY KAYLA LAKE

Lying there
 Under the big colorful maple
 Feeling the damp, soft,
 leaves under you
 Watching the leaves swirl
 down when the wind blows
 It chills your face but you're
 warm in your woolen sweater

So peaceful
 So quiet
 So autumn

Unwanted Trash

BY MATT WRIGHT

Many of the good citizens of Guilford use the recycling bins at the Guilford Country Store. Some do this to help our environment, and others as a cheap, "earth friendly" way to get rid of the recyclable junk lying around their house. But some people abuse this. Unfortunately, many people just throw any old trash into these bins: stuff like hubcaps, broken windshields, unacceptable plastics, and even dead deer, and fish. Other problems include bringing recyclables to the bins, but not putting them in the bins.

This is a problem that has been going on in Windham County for the past year and a half. At some sites such as the West Brattleboro site, they have had to install security cameras to watch for such illegal activities. If people are caught they may be prosecuted and fined up to \$500. I encourage people to follow these guidelines when recycling, for the sake of our town and our planet.

Here is a list of what you can and can't recycle...
