

Guilford Conservation Meeting

October 20, 2011

Attending: Marli Rabinowitz, Bill Jewell, Sarah Quine, John Kristensen, Karen Murphy

Not Attending: Linda Hecker, Linda Lembke, Bevan Quinn, James Young, Dick Clark (select board)

Meeting called to order at 7:05 PM

We had an abbreviated meeting this month.

- We confirmed the November 6th walk. We are to meet at the Grange at 1 PM and then travel to Dick Clark's driveway. Dick would like to explore the area between the Stage Road and Carpenter Hill and the Blair's house. He remembers seeing what he thought was a cemetery and would like to find it again now that the leaves are (mostly) down. Will Linda Hecker put the announcement in the paper?
- We had a brief discussion about the town web site. At present the town's presence is on the Guilford School's site and maintained by the students. The amount of info on the site is very basic i.e. the last posted selectboard minutes are from September 12th. Marli Rabinowitz offered to look into establishing and maintaining a town web site that has more info and interest for town folks. The two people that were mentioned as possible web creators at an earlier meeting were Roberta Bremmer and Joe Hunt.
- FEMA did do an IA (individual assistance) visit with property owners but we don't know if they looked at roads, bridges, and the "blow out" sections of the Green River.
- Next meeting is November 17th at 7 PM.

Adjourned at 7:30 Pm.

Respectively submitted, clerk
Karen Murphy
